

Perovskite Sun Breakers

Pricing table for an exclusive license

1. The prices concern the right to distribute and sell perovskite sun breakers on a given market (distribution exclusivity, exclusive license) with the right to grant further license on a given market.
2. If you are a manufacturer, the license will allow you to produce the solution (for sale purposes on a given market).
3. Duration of the license – 5 (five) years with the possibility of extension. The license contract will specify a sales plan (in the case of production, production plan) that will affect the durability of the license.
4. The pricing table shows the base price for a license for a country for a choice of 3 countries.
5. You cannot purchase a distribution license for less than 3 countries. For each subsequent country over 3, there are additional discounts.

Please contact b2b@sauletech.com for more details. We are open to negotiations and custom offers. Saule S.A. will not recognize the offer form as a binding offer and any contractual obligation, but only an introduction to negotiating the terms of the B2B contract.
